

Working scientifically skills mapping

September 2024

Year 1 | Working scientifically skills mapping

Autumn											
	Ask questions	Answer questions and make conclusions	Take measurements	Take measurements	Take measurements	Take measurements	Ask questions	Gather, record and classify data	Materials	Answer questions and make conclusions	Seasonal changes
Spring	Planting A	Ask questions	Ask questions	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Answer questions and make conclusions	Gather, record and classify data	Caring for the planet	Make observations	Ask questions
Summer	Gather, record and classify data	Gather, record and classify data	Make observations	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Seasonal changes	Make observations	Ask questions
	Plants	Planting C	Growing and cooking	Seasonal changes							Consolidation
	Answer questions and make conclusions	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Answer questions and make conclusions	Gather, record and classify data	Gather, record and classify data			

Year 2 | Working scientifically skills mapping

Autumn	Animals' needs for survival					Humans			Materials					Plastic	
Autumn	Ask questions	Gather, record and classify data	Make observations	Gather, record and classify data	Ask questions										
Spring	Make observations	Make observations	Ask questions	Ask questions	Take measurements	Gather, record and classify data	Gather, record and classify data	Answer questions and make conclusions	Gather, record and classify data	Plants	Consolidation				
Summer	Make observations	Gather, record and classify data	Ask questions	Take measurements	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Answer questions and make conclusions	Gather, record and classify data	Ask questions	Consolidation				

Year 3 | Working scientifically skills mapping

Autumn	Skeletons	Ask questions	Gather, record and classify data	Gather, record and classify data	Movement	Answer questions and make conclusions	Gather, record and classify data	Gather, record and classify data	Nutrition and diet	Present findings	Answer questions and make conclusions	Gather, record and classify data	Present findings	Food waste	Ask questions	Present findings	Make observations	Gather, record and classify data	Rocks	Present findings	Gather, record and classify data	Consolidation
Spring	Fossils	Ask questions	Present findings	Gather, record and classify data	Answer questions and make conclusions	Take measurements	Take measurements	Answer questions and make conclusions	Present findings	Answer questions and make conclusions	Gather, record and classify data	Present findings	Answer questions and make conclusions	Present findings	Ask questions	Present findings	Make observations	Gather, record and classify data	Light	Present findings	Gather, record and classify data	
Summer	Plants A					Forces					Magnets					Plants B		Biodiversity				
	Answer questions and make conclusions	Gather, record and classify data	Ask questions	Plan	Plan	Make observations	Gather, record and classify data	Make observations	Answer questions and make conclusions	Present findings	Make observations	Gather, record and classify data	Answer questions and make conclusions	Plan	Answer questions and make conclusions	Gather, record and classify data	Plan	Gather, record and classify data	Answer questions and make conclusions	Present findings	Ask questions	Present findings

Year 4 | Working scientifically skills mapping

Autumn	Group and classify living things				Data collection A	States of matter				Consolidation
	Gather, record and classify data	Ask questions	Gather, record and classify data	Gather, record and classify data		Gather, record and classify data				
Spring	Sound				Data collection B	Electricity				Consolidation
	Ask questions	Gather, record and classify data	Make observations	Plan	Plan	Gather, record and classify data				
Summer	Habitats				Deforestation	The digestive system				Consolidation
	Data collection C	Gather, record and classify data	Present findings	Present findings	Present findings	Ask questions	Plan	Plan	Plan	

Year 5 | Working scientifically skills mapping

Autumn	Forces						Space						Global warming		
	Present findings	Plan	Plan	Take measurements	Present findings	Plan	Take measurements	Answer questions and make conclusions	Answer questions and make conclusions	Present findings	Gather, record and classify data	Present findings	Gather, record and classify data	Consolidation	
Spring	Gather, record and classify data	Gather, record and classify data	Plan	Take measurements	Evaluate	Answer questions and make conclusions	Plan	Gather, record and classify data	Answer questions and make conclusions	Present findings	Gather, record and classify data	Present findings	Gather, record and classify data	Properties of materials	
	Present findings	Answer questions and make conclusions	Plan	Evaluate	Take measurements	Gather, record and classify data	Evaluate	Present findings	Answer questions and make conclusions	Present findings	Gather, record and classify data	Evaluate	Answer questions and make conclusions	Animals including humans	
Summer	Reproduction A	Reversible and irreversible changes						Plastic pollution	Reproduction B	Life cycles					
	Present findings	Gather, record and classify data	Present findings	Evaluate	Take measurements	Present findings	Present findings	Present findings	Evaluate	Present findings	Gather, record and classify data	Present findings	Gather, record and classify data	Consolidation	Present findings

Year 6 | Working scientifically skills mapping

Autumn	Living things and their habitats								Electricity				Renewable energy						
	Answer questions and make conclusions	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Gather, record and classify data	Present findings	Plan	Take measurements	Answer questions and make conclusions	Present findings					
Spring	Answer questions and make conclusions	Gather, record and classify data	Gather, record and classify data	Plan	Take measurements	Gather, record and classify data	Answer questions and make conclusions	Answer questions and make conclusions	Gather, record and classify data	Present findings	Plan	Light	Light pollution	The circulatory system	Diet, drugs and lifestyle				
Summer	Gather, record and classify data	Gather, record and classify data	Answer questions and make conclusions	Answer questions and make conclusions	Plan	Present findings	Gather, record and classify data	Answer questions and make conclusions	Answer questions and make conclusions	Ask questions	Present findings	Ask questions	Answer questions and make conclusions	Make observations	Consolidation	Variation	Adaptations	Fossils	Themed projects
